Re: Data Breach Notification

Dear Attorney General Frosh:

On the afternoon of June 17, 2016, Krispy Kreme Donut Corporation (KKD) was the target of a phishing attack to access employee payroll records. The incident involved unauthorized access to social security numbers of three (3) residents of Maryland. Immediately upon discovering the incident, KKD investigated it thoroughly and not only arranged for two years of identity protection, credit and other monitoring and recovery services and insurance available through ID Experts at no charge to employees, but supplemented those services with additional guidance and resources to specially address the IRS issues that may ensue. KKD is also providing additional training to its employees to help them in dealing effectively with phishing emails going forward, so that similar incidents will not occur again.

Please do not hesitate to contact me at (404) 815-6004 if you have any questions. Attached is a copy of the notification letter that will be sent on June 20th or 21st.

Very truly yours,

*Jon Neiditz*
