

**2020.06.30 Task Force Housing Preservation Comm. Meeting Chat:**

Claudia Wilson Randall 1:22 PM

The first person you called on is muted

Cathryn Paul 1:23 PM

If on the phone, can press \*6 to unmute

Jheanelle Wilkins 1:26 PM

Great group! As a follow-up, if this group will continue to meet, could we have an internal list of the members and their affiliations?

zafar shah 1:27 PM

Yes!

Peter Sabonis 1:32 PM

Is this Commission staffed? Subcommittee?

Gerardo Benavides 1:36 PM

"To keep Marylanders housed..." assumes all Marylanders have housing. Need to guarantee housing for those without housing, in shelters, in encampments, and other unsafe congregate settings

Melissa Wells 1:40 PM

Agreed, economic justice and race equity (disparities) are key determinants of impact on communities.

We definitely must lead with them

\*impact of COVID 19

Melissa Wells 1:44 PM

Does homelessness fall more under housing as public health?

Peter Sabonis 1:49 PM

Public Health in Phase 2 and Phase 3?

Cathryn Paul 1:49 PM

I agree - thanks Del. Wells. Need to have to make it clear that housing = health. Would be good to weave that into our mission - and have a subcommittee with this focus

Zak Shirley 1:50 PM

These issues do strike me as Phase III issues that would be best addressed through legislative proposals/action

Cathryn Paul 1:51 PM

Would also like to lift up having a designated focus on exploitation and abuse - in some space here

Gerardo Benavides 1:52 PM

Also connections between impending wave of evictions leading to increased homelessness, worsening the public health crisis...

Peter Sabonis 1:59 PM

Evictions and Foreclosure processes should be introduced to all in an overview and contrasted?

Dirk Vic 2:02 PM

I think Peter you could make a presentation for us to view before we meet? Sort of a "101" on this issue?
