

Committee Meeting

10/21/20

- Present
 - Karen Anderson-Scott
 - Franklyn Baker
 - Leland Sampson
 - Aleitheia Warmack
 - Chijioke Akamigbo
 - Michael Summers
 - Roberta Gill
 - Emily Angel
 - Joan Bellistri
 - Tamar Sarnoff
 - Brenda Gruss
 - Shelly Mintz
- Upcoming Forums
 - 10/28 - ECON and Food, 6pm
 - Unemployment insurance and application for benefits
 - Spanish has been pushed back
 - Difficulty securing Spanish presenters
 - Legal Aid has offered platform - Nov. 4th or 18th, likely the 18th
 - If anyone has suggestions for presenters pass on
- Print materials
 - Unemployment guide has been made into article series on People's Law
 - Should be linked in presentation for tonight's forum
 - Condensed version of the info needed
 - Similar conversation regarding life and health planning materials
 - Will be trying to get that material on people's law
 - Consumer protection
 - They are pooling together debt management information in the form of a word document
 - That committee has discussed creating and managing a website, or coming to PLL to post the information on PLL
 - Even so they would need a partner to host it, can't be hosted on AG
 - Also considering creating a manual - looks less likely
 - Not clear when it will actually make its way over to us

- Need to have a broader discussion with the task force to determine how long all these things will be housed, published, etc. outside the “end-date” of the task force
 - What is the shelf-life? Will it exist in perpetuity
 - In theory the pages could be hosted forever, not certain about practicalities
 - The unemployment pages on people’s law are intended to exist in perpetuity to be updated with current info
- LHP Manual
 - Will confirm time-table for the resources
- PREC 10/29 - 2:30
 - One of the topics will be regarding point of entry
- Questions/Comments/Suggestions
 - Still need to consider the means to get this info out to people who don’t have tech
 - Limitations on money
 - Committees seem to agree, the real issue is just the print costs
 - Would a hard copy of these being available at court house law libraries be useful?
 - Some people are scared of the computer, print versions might help
 - The libraries could be asked to print themselves
 - Libraries would be happy to have in all the formats they possible could
 - Important that documents intended to be printed have dates on them
 - Next step - how to market forums after the fact?
 - Value in having them as a resource as much as they were live presentations
 - Soon should have some youtube analytics from forums
 - Can use to figure out where to push
 - New social media from AG?
