INDICTMENT

The Grand Jurors for the State of Maryland for Anne Arundel County charge:

COUNT ONE

(PARTICIPATION IN A CRIMINAL ORGANIZATION)

The Jurors of the State of Maryland for the body of Anne Arundel County, do on their oath present that, the aforesaid DEFENDANT, from at least December 2023, through March 2024, in Anne Arundel County, Prince George's County, Baltimore County, and elsewhere in Maryland, along with others, known and unknown to the Jurors, did unlawfully participate in a criminal organization, knowing that the members of said organization engage in a pattern of organized criminal activity; and knowingly and willfully directed and participated in an underlying crime committed for the benefit of, at the direction of, and in association with said criminal organization in violation of Criminal Law Article, Section 9-804(a) of the Annotated Code of Maryland; against the peace, government, and dignity of the State.

THE ENTERPRISE

1. From at least December 2023, through March 2024, the Defendants and others, known and unknown, were members and associates of a criminal enterprise that was operating in Anne Arundel County, Prince George's County, Baltimore County, and elsewhere in Maryland.

2. The known members of the Enterprise include Cy'Juan HEMSLEY, Juvenile #1, Mahkiya MCQUINN-WOODLEY, and Juvenile #2. The known members of the organization worked with others, known and unknown, to operate a criminal organization which committed a string of commercial burglaries of Federal Firearm Licensed (FFL) stores. During these commercial burglaries, the members of the Enterprise would steal both firearms and replica firearms in order to obtain the firearms.

The members and associates of the Enterprise would then commit subsequent crimes using the stolen firearms in order to further promote and protect the enterprise.

3. In a typical commercial burglary committed by the Enterprise, members and associates of the Enterprise would break and enter an FFL, sometimes by using a blue crowbar to pry the doors open and other times by using a circular saw to destroy the locking mechanisms of the doors. The Enterprise typically targeted FFLs when the business was closed, such as late at night or in the early morning. If they were unable to get inside, or if a burglar alarm sounded, they would frequently leave before completing the burglary in order to avoid detection by law enforcement.

4. When they were able to successfully break into the business, they would steal dozens of firearms and replica firearms. They would typically carry out boxes containing firearms or replica firearms and place them into their vehicle. Frequently, the Enterprise would have 2-3 members stealing the guns while 1-2 other members served as the lookout or getaway drivers.

5. After a successful operation, the members and associates of the Enterprise would frequently post on social media to brag about their success and show off the firearms they stole. Often, they would use Instagram to make and post videos showing the proceeds of the burglaries in order to generate interest from potential customers who might be interested in purchasing the stolen firearms and in order to promote their organization. They would post these videos to Instagram Live, their Instagram stories, their Instagram feeds, and sometimes YouTube.

6. Once the stolen firearms were secured, the Enterprise would work together to sell or otherwise distribute and transfer the stolen firearms. Often, they would do this by selling the stolen firearms to associates in order to generate revenue for the Enterprise. Other times, they would distribute the stolen firearms amongst fellow members and associates of the Enterprise. Members and associates of the Enterprise worked together to arm themselves in case another rival organization attempted to rob, "slime," or threaten them.

BACKGROUND, MANNER, MEANS, AND METHODS OF THE CONSPIRACY

7. The Defendants, and others known and unknown, are associates who conspired with one another to carry out a spree of commercial burglaries and attempted burglaries of FFLs. The Enterprise targeted FFLs in order to obtain control of the personal and business property of the FFL for financial gain, for protection, and for promotion of their organization within their community. The Enterprise also sought to protect the members and operations of the Enterprise from interdiction, detection, and interruption by law enforcement. The manner, means, and methods by which the Defendants and their

associates achieved the objectives of the conspiracy included, but were not limited to, the following:

8. The members and associates filled different roles in the crimes they committed together. The roles included, but were not limited to, the following: breaking into the stores; stealing the firearms; serving as a lookout; remaining in the vehicle as the getaway driver; and engaging in other acts that further the success of the crimes committed by the Enterprise.

9. Members and associates of the Enterprise would make efforts to conceal their identity and avoid identification and apprehension by law enforcement. The members and associates of the enterprise would often wear masks and hoods to hide their appearance.

10. Members and associates of the Enterprise would sell the stolen firearms and replica firearms well above fair market value, frequently selling them to people who were unable to lawfully purchase a firearm and who were, therefore, willing to pay inflated prices. Frequently, they would sell the firearms to juveniles or other prohibited individuals.

11. Members and associates of the Enterprise used social media to communicate with one another and to represent their membership in the Enterprise. To promote and market their Enterprise, members and associates of the Enterprise would post photographs and videos of themselves posing with firearms, U.S. Currency, and expensive clothing.

OVERT ACTS IN FURTHERANCE OF THE CONSPIRACY

12. In furtherance of the conspiracy and to achieve the objectives thereof—and for the benefit of, at the direction of, and in association with the Enterprise—the Defendants, and others known and unknown, knowingly and willfully directed, participated in, performed, and caused to be performed the following acts, among others, in and throughout Maryland, including in Anne Arundel County, Prince George's County, Baltimore County, and elsewhere:
