Statement of Attorney General Frosh on Supreme Court Denying Cert Petition Challenging Maryland’s Ban on Bump Stocks

BALTIMORE, MD (May 3, 2021) – Maryland Attorney General Brian E. Frosh today released the following statement regarding the Supreme Court’s declined to take a challenge to Maryland’s ban on bump stocks.

“Upholding Maryland’s ban on bump stocks is common sense. These devices caused mass destruction in Las Vegas: 60 deaths, more than 400 wounded, and more than 800 total injuries. Bump stocks serve no useful social purpose, but can exact a staggering human toll.”
