

2020.08.19 - TF. Co-Chair Subcomm. Head Mtg. Notes

Present: Ashley Black, Carnot Evans, Paul Cucuzzella, Lauren Young

Next Meeting: Thurs. August 27, 2020 at 8:45 am.

Upcoming:

- A 30-page slideshow has been prepared as a first draft for educational materials.
 - We are trying to secure a liaison between our committee and the Public Awareness Committee. Ashley will try to find someone on her subcommittee to take on this role. She recommended Joy Fowler and will check with her and the rest of the committee. She has some others in mind if Joy is unable to take on this role. If no one on Ashley's committee is able to take on the role, David Merkin from the AG's office will take the role on.
 - To translate the slideshow into Spanish, Caterina will reach out to the other law students and see if any of the other committees are working on something similar.
 - Ashley knows that there is a contractor that works for the state to translate. The contractor works for free for state agencies, so we will need to see if the contractor is able to work for free or if we need to use funding in order to use this contractor.
- SNAP/TANF:
 - Sending their 3-4 recommendations in written-form to Ashley by the 25th. Ashley will reach out to the group and see where their progress is.
 - SNAP/TANF wanted to create another subgroup to try to get more grocery stores to accept EBT online for grocery delivery. The barrier is mainly a lack of action, so this group will investigate to see what action can be taken and advocate for action.
- UI
 - The first draft of the educational materials (30-page slideshow) has been completed. David Merkin is looking it over to ensure that no changes need to be made.
