AGENDA

1. Call to order, welcome, introductions (John H. West, III, Chair)
2. Review and discussion of PIA-related legislation introduced in the 2023 legislative session:
 - **HB 536 / SB 221** – creates new mandatory exemption for home address or telephone number of current or former State or federal judges and current or former State or federal prosecutors
 - **HB 636** – amends various sections of the PIA dealing with personal information; clarifies that custodians must deny inspection of personal email addresses
 - **HB 682 / SB 69** – requires the Maryland Police Training and Standards Commission to develop a uniform process for “citizen positive community feedback” about police officers and amends the PIA so that such records are not personnel records and are therefore disclosable
 - **HB 1010 / SB 753** – amends the PIA so that records related to administrative or criminal investigations of misconduct by an elected official or person appointed to fill an elected office are not personnel records; would make them investigatory records subject to discretionary disclosure
 - **HB 1051** – amends the judicial review provision in the PIA so that a party “aggrieved by a final judgment of a circuit court in

a proceeding for judicial review” of a Board decision may appeal to the Appellate Court of Maryland

- **SB 40** – creates a new mandatory exemption for certain police body worn camera footage, including footage that depicts victims of certain crimes; allows a person in interest to inspect (but not copy) footage under certain circumstances
- **SB 747** – amends the recently-enacted Anton’s Law to narrow what police misconduct-related records may be disclosed; only records related to allegations of excessive force and racial bias would be classified as investigatory records rather than personnel records
